While the Zoophytolgist embraces animal-like plants with concern.

The Alphabetic (And Some What Poetic) Gist of 'Ology' Jobs.

Taken through the alphabet of scientific study with a Platypus/Penguin type Man. This rhyming ABC poem offers an abundance of laughs, poetry and some insight into the different types of 'Ology' jobs. It does not attempt to provide an accurate portrayal into each field of study or academic discipline, nothing more than a illustrated poem combining science and art.
